Pastor Walker: *You know, church has become so commercial, until we have gotten away from its true purpose. It has become such big business, until we allow people to operate and function as long as they have something to bring to the table.*

live in ___ your ___ heart? ___

People are now more concerned about recording and living the life of the rich and famous rather than knowing Jesus. For the true purpose of the church is soul business, not big business. I don't know about you, but I would rather have nothing and know Jesus than to have everything and not know Him. You need to confess Him today
